## Fred Hawkins Named To Ryder Cup Team To Play in England

Son of Fred O. Hawkins, Sr. Here to Play Tam-O-Shanter Matches

While visiting his parents, Mr. and Mrs. Fred O. Hawkins of 609 North Main st., Fred Hawkins, Jr., nationally famous golf pro, received word Tuesday that he has been selected as a member of the U. S. Ryder cup team to play against Great Britain.

The match will be played at the Linderich Golf Club course at Yorkshire, England Oct. 4 and 5.

Hawkins, accompanied by Mrs. Hawkins will go by plane to England about Sept. 25 and will attend several social functions before the match. The children, Joe 8½, and Tom, 3½, will be at home in El Paso, Texas, at that time, Joe being in school.

Young Fred won the right to join the 10 top professionals on the team through points in match play during the past two years. His biggest achievements last year were the winning the Oklahoma City tournament and being runner up at the Tam O' Shanter All-American.

Last week he was second at the Eastern Open at Baltimore.

Today he started play in the All-American at Tam O' Shanter which will be followed by the World's Championship tournament. He has his eye set on a victory in this contest which will pay the winner \$50,000 and give him a \$50,000 contract the following year.

Fred, Jr., is a native of Antioch. He was born in the house on Main st. where his parents live and where he and his family visit each year. He got his training from his father who was a professional and manager at the Chain O Lakes Country Club course which was once the Hawkins farm. In the summers he lived in a cottage on the course.

Young Hawkins left Antioch after getting out of the army in March, 1946, and after marrying an El Paso girl, made his home in that city. He brings his children to Antioch to visit their grandparents every time he plays in this area.

## Jensen to Supervise Tests to Stamp Out Brucellosis in County

Dr. G. W. Jensen, county veterinarian, residing at 1185 S. Main st., announced last evening that he will act immediately to clean up Lake County beef cattle herds of brucellosis.

His announcement followed that of Stillman J. Stanard, state agriculture director of Illinois that Lake county is among the 12 counties in which compulsory testing and slaughter of brucellosis-infected cattle more than four months old will be placed in effect.

The tests will be made by veterinarians of the county under Jensen's direction. The blood samples will be sent to the state laboratory and where infection is found the animal will be slaughtered immediately.

This county is practically brucellosis free so far as dairy cattle are concerned because their tests have been made over the past five years in sample of milk.

Counties where tests will be made are Boone, Cook, DeKalb, Kendall, Lake, LaSalle, Livingston, Macon, McHenry, Stephenson, Vermillion and Winnebago.

## Meierdick to Operate Standard Service Station

Elmer Meierdick today became proprietor of the Standard service station at Rtes. 173 and 59 which has been operated for a number of years by Lester Osmond, Jr.

He has been an employee of Osmond intermittently for the past 10 years and is well acquainted with the business. His plans call for 24-hour a day service and later on will add towing and car polishing service to the business.

The station will be improved with a new driveway and new lighting. Osmond has no immediate plans for his future business.

## Attend 4-H Club Camp

Six members of the Antioch Acorns 4-H club were among the 78 boys, girls, and counsellors from Lake County attending the 4-H camp at Shaw-waw-nas-see Camp near Kankakee. They are Janet Keisler, Julie Lightsey, Leona Nelson, Diane and Lynda Sargol, and Kathleen Strahan. They will return home tomorrow.

## Get That Car Sticker

A drive will be started immediately to collect delinquent vehicle tax in Antioch, Chief of Police Walter I. Scott announced. He directed the attention of car owners to Section 7 of the village ordinance, which states that a tag must be on the vehicle in plain sight at all times, and to Section 9 which carries the penalty of from \$5 to \$200 for failure to display the vehicle tax sticker.

## Hansens to Note 50th Anniversary With Open House

Mr. and Mrs. Jens P. Hansen, residents of Indian Point, Antioch, for the last eight years, will celebrate their golden wedding anniversary Sunday at the home of their daughter, Mrs. Sylvia Rozek, of Indian Point. They were former residents of Chicago at 3605 No. Montecello.

Mr. Hansen retired from the Chicago police force as a lieutenant on July 5, 1942. He also served as body guard to the late William Hale Thompson, former mayor of Chicago. Mr. Hansen is a native of Copenhagen, Denmark. Mrs. Hansen is the former Carolina Olson of Helsingborg, Sweden.

They were married August 8, 1907 at the Swedish Mission church on the near north side.

The celebrants had five children, Robert W. Hansen of Pleasant Hill, Calif., Edna Heid of Rockford, Ill., Vivian Florijer, Long Lake, Sylvia Rozek of Antioch, and the former Leonard, who served in the marines in the second World War and was killed on Saipan, July 13, 1944.

Friends and neighbors are cordially invited to attend the open house and enjoy the smorgasbord.

## Antioch Purchased \$379.50 Easter Seals To Aid Young Cripples

Antioch residents contributed a total of \$379.50 to the Easter Seal campaign to aid crippled children this year, Mrs. Sybil Steiskal, chairman for the campaign in Antioch, announced.

Judge L. Eric Carey, chairman of the Easter Seal campaign for Lake county, announced that a total of \$20,119 toward a goal of \$25,000 was contributed by Lake county residents this year. With scattered final reports still to be made in various areas, the figure represented slightly more than 80 per cent of the goal.

With the cooperation of the Waukegan City School system, the Crippled Children's Aid association of Lake county helps maintain special school facilities for children from throughout Lake county. Contributions by citizens provide the specialized facilities, trained personnel, and transportation necessary to operate the school. In addition, the contributions help provide aid, therapy, and rehabilitation for crippled children and adults in the county who have no further resources on which they can draw to help themselves.

The annual fund campaign last year raised \$18,666 to maintain the program. Goal that year was the same, \$25,000.

## Lake County Fair is Largest in History; Local Exhibitors Win

The biggest and best county fair that Lake County has ever held came to a close Sunday night with a total attendance estimated at 80,000.

Ideal weather throughout the week produced the fair at the new grounds near Grayslake at its best.

State's Atty. Thomas Moran ordered bingo stopped and the Grayslake Lions club which had planned to operate the stand substituted a skill game.

Otherwise there was no unusual excitement.

The exhibits were larger than ever, and so successful was the mercantile exhibit that there was a scramble among dealers to get space for next year.

The Antioch Acorns and the Busy Belles of Lake Villa were among the 4-H clubs that were awarded blue ribbons for their exhibits.

William Duncan of Millburn was not only top in the sheep awards but received the grand champion in poultry.

The Antioch Brush and Palette club members received several prizes in the art display.

Diane Potter of Millburn won the championship in the 4-H beef show and was fourth in showmanship.

Joanne Paddock of near Antioch won in the pleasure horse class and

## Dr. Baab to Address Methodists on Sunday

Dr. Otto J. Baab, a member of the Garrett Biblical Institute, will preach Sunday at the Antioch Methodist Church. He is occupying the pulpit while the pastor, the Rev. Howard C. Benson is on vacation.

Dr. Baab was born in Chicago in 1896, the son of a German Methodist minister and college teacher. He lived on the campus of Charles City College, Iowa, for 11 years. He finished high school in Glenview, Minn., and graduated from Winona State Teachers' College, Winona, Minn., in 1917; graduated from Hamline University in 1921; from Garrett (B. D.) in 1927; M. A. from Northwestern in 1927; Ph. D. from University of Chicago in 1928; D. D. in 1956 from Hamline University.

He preached at Kellogg, Moorhead and Nashua, Minn., and at Mt. Greenwood, Hegewisch, and Bradley, Ill.

He taught at Freeborn, Minn.; Illinois Wesleyan University (1930-34); University of Chicago (1929); Moorhead State Teachers' College; University of Southern California (summer); and Garrett Biblical Institute since 1934.

He served with the American army in France during the First World War. He and Mrs. Baab, the former Eunice B. Bothe, have one daughter, Mary Beatrice, born 1936.

Dr. Baab is author of "Jesus Christ Our Lord," 1937; "The Theology of the Old Testament," 1949; "The Study of the Bible Today and Tomorrow," 1947; contributor to various books and periodicals, biblical and labor.

## Mr. and Mrs. Halvorsen To Celebrate Their 25th Wedding Anniversary

Mr. and Mrs. Russ Halvorsen will celebrate their 25th wedding anniversary with an open house on Sunday, August 11, from 2 to 9 p.m. at their home at Grass Lake. Their sons, SP3 George Halvorsen, stationed at Ft. Carson, Colorado, and SP3 John Halvorsen, Camp McCoy, Wis. will be home on leave.

## To Celebrate Golden Anniversary

Mr. and Mrs. Jens P. Hansen of Indian Point will observe their fiftieth wedding anniversary Sunday with open house at the home of their daughter, Mrs. Sylvia Rozek at Indian Point.

### Class of 1945 Has Reunion With 56 Children Present

Twenty-three members of the class of 1945 of the Antioch Township High school held a reunion Sunday at Fox River Park north of Wilmet. They had their wives and husbands with them and no fewer than 56 children.

Two years ago when the class met before no member had more than three children. Since that time Ruth Winfield Gilmore of Union Grove gave birth to twins and Robert Edwards added two to his family to make a total of five for the two families.

Plans were made to meet again at the fall Homecoming of the high school and to put a float in the parade. The 1945 class, with most of its members living in this area, is one of the more active of the alumni groups.

Members of the class of '45 present at the picnic were:

Dr. Allan Thain, Ralph Nader, Gertrude Stimpff Ipsen, Edna Barnstable Botts, Mabel Lou Hunter Dow, Richard Wells, Katherine Shea Gross, Freya Edmann Moser, Betty Bartlett Schneider, Ruth Winfield Gilmore, Robert Hughes.

Steve Rzyso, Richard Stastny, Robert Edwards, Erna Nielsen Toft, Mary Hutchison Schulte, Lorraine Hutchison Redman, Harry Smith, June Ghan Flowers, Phyllis Mattson, Richard Atwood, Truchen Yopp Petty, and Romona Seefeldt Hall.

Members of the committee were Mabel Dow, Betty Schneider, and Edna Botts.

## County 4-H Clubs and Home Bureau Sponsor Theater Party Aug. 8

The three act comedy "The Chalk Garden" will be given at the Theater Under the Stars by the Lake Forest Players on Thursday evening, Aug. 8, at 8:15 p.m. (In case of rain that evening tickets can be used on August 9 or 10.)

This is a play for the entire family. Proceeds will help defray expense for the 4-H Club program activities.

Tickets are available from all 4-Hers and Home Bureau members. They can also be purchased at the door the evening of the play or at the Home Bureau Office, 355 N. Milwaukee Ave., Libertyville.

## N.I.G.C. Will Provide Gas Air Conditioning Service to 500 Homes

Northern Illinois Gas Company has announced plans to provide a maximum of 500 customers with year-round gas air conditioning service on an experimental basis. This program was petitioned for and recently approved in anticipation of future additional supplies of natural gas.

Opportunity to take advantage of the gas company's experimental plan will be initially offered customers on the utility's space heat waiting list on a first-come, first-served basis, according to H. A. Diekmann, vice president in charge of sales. Letters explaining the program are being mailed to customers starting with those highest on the waiting list.

## Referendum Called For Tax Increases In High School Dist.

Need for More Educational And Building Money Seen by Board

The Antioch Township High School Board of Education will present to the citizens of District 117 on Saturday, Sept. 7 a proposal to increase the educational and building tax rates.

The proposal will be to increase the educational tax rate limit from 65c to 86c per \$100 assessed valuation and the building tax rate limit from 10c to 18.75c per \$100 assessed valuation.

The referendum request is being made, Principal Albert Dittman said, to maintain present educational standards and to keep finances on a sound basis.

The last tax referendum passed by citizens of District 117 was in March 1947. During the past 10 years statistics show that the Antioch boards of education have spent the tax dollars wisely, economically, and efficiently.

Operational costs, however, have continually increased so that it has become necessary for the board to present to the citizens a request for additional funds.

## High School Officials Plan Teacher Institute, Open School Sept. 4

The Antioch High School Board of Education has adopted the school calendar submitted by County Superintendent W. C. Petty.

Approval has also been received from Mr. Petty for the high school to conduct a local teacher institute September 3. Only the teachers will report to school on this day for study and discussion of the school program.

All students will report to the high school on September 4 to pay fees and secure class programs. Classes will be in session for the first time on September 5 with the Cafeteria in operation and the buses running on regular routes.

## Lakeland Baptist Church Plan Building at New Site on Grand Avenue

The Lakeland Baptist church of which the Rev. Dale J. VanHovel of 795 Main st., Antioch is the minister, has obtained a new site for its building—this time on Grand avenue between Grub Hill road and Rte. 59.

A site on Rte. 21 north of the Baptist Children's Home previously had been selected, but this was considered less desirable.

The 10 acres on the south side of the highway at the top of a knoll was obtained from John T. Rule, who subdivided Fox Lake Hills.

A new \$60,000 combination chapel and educational unit will be built yet this year. Derwald West of Genoa City is the architect.

The Rev. Mr. Van Hovel will attend the Church Extension School of the American Baptist Convention at Green Lake, Wis., starting Saturday. At that meeting he will discuss with other pastors the advantages and disadvantages of certain types of architecture and will then bring these ideas to the architect for incorporation in the plans.

The church is getting financial aid from the convention.

## Hearing Being Held On Delinquent Taxes

Justice of the Peace Herbert Litchfield said that those summoned for non-payment of their personal tax last year have commenced to come in and are paying up. Some paid who were not yet summoned.

"I have 200 summonses in the hands of the constables so far and they are being served as rapidly as they can. More will be coming in next week than this week," Litchfield said.

He said it is too early yet to give any figures on the results.

## Festival at Lake Villa

The Prince of Peace Catholic Parish at Lake Villa is holding a summer festival and barbecue this week-end. The dinner will be served Sunday. The new church and educational unit of the parish is well along toward completion and 200 pupils will be housed there when school opens in September. The festival is to raise money to help pay for the building.

### All-Purpose Food

It has been pointed out that when the housewife prepares a meal for her family, she has two goals in mind—the meal must be nourishing, and it must also have a high palatability.

These goals are not always compatible. We may have a strong liking for foods which are nutritionally poor—and have equally strong dislike for foods which provide us with an abundance of elements the body needs.

But there are foods, of course, which reach both goals, and meat is at the top of the list. Practically everyone likes it, in a hundred and one forms and preparations. We can eat it with pleasure once or more a day. It has equal appeal to the young, the old, and those in between. And, in addition to its great virtue of succulence, meat provides basic nutrients necessary to the well balanced meal—top quality proteins, B vitamins, and various valuable minerals.

You don't need to buy the most expensive cuts of meat to enjoy good and healthful eating. The economical cuts and the leftovers contain the needed nutrients too—and with proper preparation they can be the basis of meals that will gain well-deserved praise for the housewife. Meat comes about as close to being an all-purpose food as anyone can imagine.

### Small Business Problem

The theory that big business is destroying small business just isn't borne out by the facts.

The number of small business firms (those with less than 100 employees) has reached a record high in this country. A tabulation based on the latest available figures shows that there are 4,209,000 of these firms—an increase of 750,000 in the past 10 years. If the trend continues, as is expected, the number will swell to 5,700,000 by 1976.

The main problem faced by small business isn't big business. It is a tax system which penalizes successes and hampers growth.

### An Unfair Burden

You may not have heard of a proposed federal law known as H. R. 8108. But, if it passes, it will be of direct financial benefit to you.

This bill was introduced by Representative Hiestand on June 13, and referred to the Committee on Post Office and Civil Service. Its principal provision is set forth in these words: "The Postmaster General is authorized and directed to ascertain annually the cost of providing service for fourth-class matter subject to the zone rates established for parcel post. Such cost, whether covered by appropriations to the Post Office Department or to other governmental departments or agencies, shall include all expenses and costs, direct and indirect of whatever character, ascertainable and chargeable under sound commercial accounting practices to the performance of the service. The expenses and costs so ascertained shall include, but not be limited to, the reasonable value of space provided in Government-owned buildings, and the use of other properties and facilities, including depreciation, maintenance, and custodial

costs, contributions by the Government to support the Civil Service Retirement and Disability Fund, and payments on account of injuries to employees and others." The Interstate Commerce Commission would review the Postmaster General's findings, and prescribe parcel post rates sufficient to meet the cost of providing the service.

All Mr. Hiestand is proposing in this is that the people who use parcel post and receive the benefits of it pay for what they get—instead of depending on everyone else to pay a part of the cost through tax subsidies. As the Hoover Commission and other bodies have pointed out, parcel post has been subsidized during most of its life, and the deficit is a big one. Here's a way to lift an unnecessary and unfair burden from the backs of all taxpayers.

### Quiet Revolution

"A quiet, economic revolution" has been taking place in the United States. And this revolution "is the growth of a new kind of capitalism—a People's Capitalism."

These remarks were recently made to the graduating class of the University of Maryland by President Keith Funston of the New York Stock Exchange. In this "People's Capitalism," men and women from every walk of life have begun to invest directly in the ownership of our great businesses. Today more than 8,500,000 people own shares in corporations. Two-thirds of them have incomes of less than \$7,500 a year—which is the perfect refutation of the old canard that stock ownership is the exclusive province of the rich.

Then Mr. Funston went on to point out that the significance of this is two-fold: "First, by encouraging greater shareownership—by giving people everywhere the chance to participate more directly in the risks and rewards of our economy—we are proving the preposterousness of the Marxist theory . . . that the rich will get richer while the poor become poorer . . . (second) It is increasingly clear that the economic freedom running through our lives has a strong relationship to the other freedoms we enjoy."

Actually, without economic freedom all the other freedoms would be doomed. They are all part of the same philosophy of life, and they will live or die together. That's why the communists are always denouncing this "People's Capitalism" of ours. If it ever falls, the road to world communism will be straight and wide and easy.

### "Atomic Fantasies"

Congressman James E. Van Zandt, who is a member of the Joint Committee on Atomic Energy, states that progress in coal preparation and utilization gives that fuel a cost advantage that will be "continually more difficult to overcome," regardless of advances made in producing electricity through the atom. He adds: "I believe that it will help to bring down to earth some of the atomic fantasies that have been painted in the sky by over-enthusiastic reporters and the more credulous non-technical observers. True, we must hope for achievement of the maximum potential in the peacetime use of the nuclear fission, yet to permit imagination to run rampant can be detrimental to the position of other fuels on which we and our succeeding generations must depend."

The amount of coal needed to produce a given amount of electric power has steadily declined—which means that coal has become a more and more economical source of energy. In modern power plants, the cost of fuel is one of the lesser items of expense—it is, for instance, much less than taxes. And all the atom can do is to supplant or supplement some other fuel. So, if it costs absolutely nothing, the saving would not be great.

The coal industry is a basic, irreplaceable essential in our economy.

## Library News

Two excellent books have been added to the Antioch Township Library in memory of Dr. David Deering. In Dr. Deering's professional field, "Understanding Surgery," edited by R. E. Rothenberg, is an interpretation of surgery for the layman. Part of the book is in the form of questions and answers covering the most often asked questions by patients. A discussion of the major surgical operations and the use of hospital facilities adds to the usefulness of the book. Dr. Deering's interest in fishing is well known in the community and J. E. Leonard's book, "Flies," is the second book. "Flies" tells of the origin, methods of tying, patterns, and selection of dry and wet flies. A dictionary of 2200 patterns will be of interest to fishermen.

A new edition of "The Wise Garden Encyclopedia" has been added to the library's ever-growing gardening section in memory of William E. Schroeder. As the title suggests, this is a large book, 1380 pages, devoted to every aspect of gardening arranged alphabetically from Aaron's beard to Zygopetalum.

The seventh edition of Lois Hutchinson's "Standard Handbook for Secretaries" contains everything a well-trained secretary should know plus a great deal of reference information which the best of secretaries could not have in her busy head. Information on all forms of communications, postal rates, government departments, and other needs of the businessman are easily accessible in this book. "Standard Handbook for Secretaries" was presented to the library in memory of Mrs. Thomas H. Hasty.

Mrs. Fred Bartlett, Correspondent  
Tel. Elliot 6-4454

About four hundred members with their families attended the picnic sponsored by the VFW Post of Lake Villa last Wednesday evening at Lehmann's park on Cedar Ave. The women were not allowed to do any work the entire evening. If they did they were fined. The VFW Post members did all the work. The food was prepared by the Pizza Shop located on Rte. 21 in Lake Villa.

Games and races were enjoyed and the winners received prizes. All reported having a very grand evening.

Mrs. Fred Bartlett was a visitor at the home of Norman Nelson in North Chicago last Monday.

Cora Hamlin is spending a few weeks at the home of Mr. and Mrs. Albert Kapple.

Chris Andersen of Burnette Ave. celebrated his birthday with a dinner at Henning Johnson's of Deep Lake, with his wife, Mrs. Andersen, Mr. and Mrs. Clarence Blumenschein and Mr. and Mrs. Fred Bartlett, Sr., last Friday evening.

Mr. and Mrs. Clarence Blumenschein and Mrs. Fred Bartlett visited Francis Goudy of Libertyville last Wednesday.

The next VFW Auxiliary meeting will be at 8 p. m., August 5, at the VFW Home on Grand Ave. and Soo Line road.

Mr. and Mrs. Everett Britton of Waukegan were dinner guests at the home of Doris Britton and Mr. and Mrs. Sidney Barnstable Saturday.

Mr. and Mrs. William Fish of Sand Lake road were Grayslake visitors last week.

Carol Bartlett was a dinner guest at the Red Pepper club Monday and

a guest at the Lake County Fair Thursday. She is one of the contestants in the "Miss Waukegan Aviation" contest.

Mr. and Mrs. Stanley Hollis of Waukegan were visitors at the Fred Bartlett, Jr., home Thursday and the Ralph Abner home Saturday and Sunday.

The Antioch High school class reunion of the year of 1945 was held Sunday at Fox River Grove. The following from Lake Villa attended the picnic: Mr. and Mrs. Joseph

Botts and son, Danny, Mr. and Mrs. Bernard Schneider and family and Mr. and Mrs. Ralph Nader and family.

Mr. and Mrs. Harold Fillweber and daughter, Barbara, of Antioch, were Sunday visitors at the home of Everett Galiger and Julia Nicolai.

The Royal Neighbors of Lake Villa will sponsor a card party and salad bar luncheon at 12:30 p. m. on Wednesday, August 14 at the village hall. It is open to the public.

### Health Talk

#### CAN YOU SWIM?

Swimming is one of the most pleasurable sports, yet, through carelessness and ignorance, thousands of deaths and accidents are charged to it each year, according to the Educational Committee of the Illinois State Medical Society in Health Talk.

Everyone should know how to swim, not only for enjoyment, but for self-protection against injury or accident. Death by drowning is an all too frequent cause of death. Unfortunately persons who know how to swim, as well as those who do not, are involved. But when this happens it is usually through carelessness.

Good swimmers are more apt to take chances. Swimming a long distance is not always a factor in endurance. A swimmer a long way from shore may be too tired to swim back safely. Such things as abdominal or leg cramps have affected good swimmers while in deep water. They become panicky, lose their control and death by drowning is the result.

A practical joker is a menace at the beach or pool. One who delights in pushing others into the water, or ducking them, may be responsible for a tragic accident. In children, particularly, a life-long fear of the water may be inspired.

Swimming or diving into unknown waters can be dangerous. Hidden rocks, boulders or logs have caused numerous accidents. A head-on crash into these has caused skull injuries, paralysis, even death.

Be sure when you swim that the water is safe, free from contamination and pollution. Don't invite infection.

Children should be taught to swim early in life, but so carefully and gradually that their confidence and liking of the water will grow. They should never be left alone or unguarded. Too many tiny tots have paddled to their premature deaths because their supervision was forgotten.

Youngsters and adults susceptible to ear and nasal infections should not swim without their physician's permission. Some of these conditions may be aggravated. No one with a discharging ear or a perforated ear drum should attempt to swim. Violent nose blowing to remove water should be avoided. Swimming is a relaxing sport. It

gives the body rhythmical grace, provides muscular activity and inspires mental relaxation. The buoyancy of the water gives to the body the sensation of having greater muscular strength and resiliency than really exists. That is why swimming and exercise in supervised pools have proved of great therapeutic value in rehabilitation, particularly in such conditions as poliomyelitis and arthritis.

So learn to swim. Join a swim-

ming class if need be, but learn. Not only will you enjoy the relaxation it affords, but knowing how to swim will be your safety device should you be involved in a boating accident. Just knowing how to keep afloat will be your protection until help arrives.

Remember swimming is a healthful and pleasurable sport. By adhering to sensible safety rules, you can do your part to keep it that way.

## Giants and Tigers Tied for Little League Title

With a game to play against the Sox, the Giants moved into a first place tie with the Tigers as a result of their 5 to 2 win over the Dodgers Wednesday. The Tigers also have a game scheduled with the Sox, and have to play off a 2 to 2 tie game with the Cubs. Both teams have a 5 win and 2 loss record in the first round. If the Sox beat the Tigers and Giants, a three way tie will develop with the Yankees who now have a 5 win and 3 loss record in the first round of Little League play.

Last week the Cubs took a close game from the Yanks in a 6 to 5 contest. Kosar and Brownlee were the battery for the Cubs, and Good with Lundblad shared the mound with Ennis behind the plate. The Cubs picked up four runs in the first inning and the Yanks tied the score in the second inning. The Cubs picked up two more runs in the fourth inning on hits by Hammelberg and Brownlee which scored Ibsen and Durling.

Thursday night the Giants and Dodgers game was called on account of darkness, and Friday night the Yankees shut out the Sox 6 to 0. Gary Schlunz pitched for the Yanks, with Ennis behind the plate, giving up only two hits to Sweeney and Colbert of the Sox. Saturday the Cubs and Tigers battled in a 2 to 2 tie game that was called on account of darkness.

Sunday the Dodgers swamped the Cubs 13 to 0 behind the pitching of Danny Yates of the Dodgers. Yates struck out 13 Cubs in the game to set a new Little League strike out record. As of Sunday night the Antioch Little League standings in the second round of play were as follows:

Team	Sponsor	Won	Lost	Pct.
Tigers	State Bank	2	1	.666
Cubs	Servicenter	3	2	.600
Yankees	Nat'l Bank	2	2	.500
Giants	Antioch Lbr.	1	1	.500
Sox	Dupre Heating	1	2	.333
Dodgers	Laursen & Blackman	1	2	.333

Games scheduled for next week are as follows:

Friday, Aug. 2—6:00P. M.
Cubs vs. Sox
Saturday, Aug. 3—6 P. M.
Sox vs. Giants
Sunday, Aug. 4—1 P. M.
Tigers vs. Dodgers
Tuesday, Aug. 6—6 P. M.
Sox vs. Tigers
Thursday, Aug. 8—6 P. M.
Yankees vs. Dodgers
Friday, Aug. 9—6 P. M.
Giants vs. Sox

**LAKE VILLA FIRE PROTECTION DISTRICT AN ORDINANCE REGULATING THE SETTING OF GRASS FIRES BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE LAKE VILLA FIRE PROTECTION DISTRICT OF LAKE VILLA TOWNSHIP, LAKE COUNTY, ILLINOIS:**

SECTION 1: That hereafter it shall be unlawful for any person to start or cause to be started, or knowingly permit to be started or set on any premises within the FIRE PROTECTION DISTRICT OF LAKE VILLA TOWNSHIP any fire, commonly called a grass fire, for the purpose of burning grass, weeds, leaves or other combustible material, without first obtaining a

permit therefor from the Chief of the LAKE VILLA FIRE PROTECTION DISTRICT.

SECTION 2: Any person desiring to set such a fire shall make a written application for such permit addressed to Fire Chief of Lake Villa, which application for permit shall state the location where such fire is to be set, the approximate size of the area to be burned over, and the number of persons who will be in charge of said proposed fire to guard against its getting out of control. Such application shall further state that the applicant will be responsible for and assume all costs and damages that may result from the setting of such fire, including the costs to the LAKE VILLA FIRE PROTECTION DISTRICT of the operation of its fire department in case such fire department shall be called to extinguish such fire, or any fire resulting therefrom.

SECTION 3: Upon the filing with the Fire Chief of such application and complying with the requirements therein before described, said Fire Chief shall, without cost to the applicant, issue a permit pursuant to such application, which permit however, shall be good only for the day on which it is issued, and provided, that no permit shall be issued on such application on any day when the weather is windy or stormy, making the setting of such fire hazardous.

SECTION 4: Nothing in this ordinance shall interfere with burning of leaves or other rubbish by the owner or occupant of the premises on which same are burned if such leaves or rubbish have been

raked and piled and the fire is being attended in compliance with the provisions of any other ordinance.

SECTION 5: Any person violating the provisions of this ordinance shall, upon conviction thereof, be subject to a fine of not less than \$5.00 nor more than \$50.00.

SECTION 6: This ordinance shall be in full force and effect from and after its passage, approval and publication.

PASSED by the Board of Trustees of the LAKE VILLA FIRE PROTECTION DISTRICT OF LAKE VILLA TOWNSHIP and deposited and filed in my office this 8th day of May, A. D. 1957.

## Elaine Wohlfeil Recent Bride of Larry Stanton

Miss Elaine Ann Wohlfeil, the daughter of Mr. and Mrs. Melvin Wohlfeil of Antioch, was married recently to Larry Stanton, the son of Mr. and Mrs. Ray Stanton of Lake Villa.

In a double ring ceremony solemnized by the Reverend Howard Wynne at the Ingleside Community Methodist Church, Miss Wohlfeil was given in marriage by her father.

Her floor length gown was of taffeta with an overskirt of delicately flowered tulle. White carnations and pink rose buds fashioned the bouquet.

The maid of honor, Lois Wohlfeil, and the bridesmaids, Alice Stanton and Judy Wohlfeil wore ballerina length dresses of orchid crystallette with matching picture hats.

Roger Richardson and Ralph Stanton served as best man and usher respectively.

Special music was provided by George Buchal who sang "Through the Years" and "The Lord's Prayer".

The reception was held in the American Legion Hall in Antioch.

The couple will make their home in Lake Villa.

nothing gives your kitchen the modern look

like a modern electric range

and nothing cooks cleaner, cooks cooler, or cooks food faster!

so modern, so clean, so cool!

As an appliance dealer recently observed, "This is the electric age... electric servants are taking over in the home."

Typical of this trend is the change to the electric range. Women like their modern looks and appreciate surface units that keep pots and pans bright. And electric ovens hold the

heat more evenly because they are insulated on all 6 sides (not merely 5). Such refinements as automatic oven controls, radiant broiling, new super-speed surface units are easy to take, too. Equally important, you can be sure your new electric range will be modern for many years to come.

## YESTERDAYS

Can you recall some incidents dating back to 1936? 1920? 1900? Or 1890? Maybe you can't, or maybe you're just a little ashamed to admit you can—even to yourself!

But we, the Files of the Antioch News, dating back to 1886 (you see, we proclaim our birth date to the whole world) have long memories into which are packed millions of names, dates, and details of years gone by. And we, without a blush, would like to share some with you.

## 61 YEARS AGO

About one o'clock Tuesday morning a grey horse and road wagon with wine colored running gear was stolen from the barn of John Carney at Hickory by a boy who had been in Mr. Carney's employ. It appears that the boy who was about 16 years of age came to work for Carney about six months ago, and learning that a warrant was out for his arrest for stealing a bicycle in Wisconsin he cleared out, taking his employer's rig with him. About one o'clock in the morning, Mr. Carney heard the rig crossing a bridge near his home and started in pursuit. When near the farm house of George Kennedy he overtook the thief and demanded the return of the rig. The young thief whipped up the horse, which being much the faster, soon outdistanced the horse ridden by Carney, and the thief escaped in the darkness. Several of the neighbors were aroused and started in pursuit but lost track of the thief near Woodstock, in McHenry County.

A party of Antioch and Chicago people visited the Lotus beds Tuesday. E. B. Williams, Mrs. D. A. Williams, Elsie and Leila Williams and Will Williams of Antioch, Walter Lecture, and Walter Williams of Chicago; and Miss Pierce, a teacher in the Hyde Park school, who chaperoned five of her lady pupils, were members of the party. A pleasant time was had by all.

Monday, August 5th being the birthday anniversary of B. R. Hoysradt, a party of his gentlemen friends came and took him by surprise. During the evening they presented him with a handsome gold watch, chain, and fob, and a box of choice cigars. The evening was spent in playing pedro until eleven o'clock, when refreshments were served, after which Mr. William Hodge favored the party with some songs with piano accompaniment. Among those present were George Webb, John Perkins, H. Billett, William Hodge, H. Sweet, Will Smart, Albert Tiffany, John Hise-rad, S. Strahan, George Hockney, Ed Hoysradt of Chicago. At a late hour they left for their several homes satisfied that it was a complete surprise and wishing him many happy returns of the day.

## 51 YEARS AGO

Alex Hanlan returned from Canada Tuesday and we understand that he purchased 150 acres of land.

The people of Solon Mills feel jubilant over the fact that a paper mill has been secured for that place. The Moody property, including mill race and water right has been bought by Chicago parties who have agreed to establish a paper mill at that place. The property has been bought under contract, the people of Solon agreeing to give the parties a certain sum of money as soon as the plant is established and paper is shipped from the mill.

On Friday morning of last week at about nine o'clock the people of our village were somewhat alarmed to hear the cry of fire, followed by the loud clanging of the fire bell. Everyone rushed toward the west end of Lake street from whence the cry came to find the barn located on the Frank Williams property in flames. The barn was a small building and was soon reduced to a heap of ashes.

## 31 YEARS AGO

Distinguished guests visited with J. S. Jeesman at his cottage at Grass Lake Sunday. Mr. A. Novario, Spanish Consul of Panama and his son-in-law, Mr. R. A. Cameron, Vice Consul, together with R. T. Cramer and F. J. Fredrickson of Chicago.

Mr. and Mrs. Somerville were the guests of Mr. and Mrs. Clyde Kinrade recently.

Rev. and Mrs. E. Lester Stanton, pastor of the M. E. church, Antioch, left Sunday morning for Claude, Texas, to visit Mrs. Stanton's parents, Mr. and Mrs. Smalley and other relatives and friends. They expect to be gone about three weeks.

## 21 YEARS AGO

The closing date for entries in the 13th annual Antioch Country Fair is fast approaching. The fair will be held Aug. 27, 28, and 29 on the Antioch Township High school grounds.

The 4-H Club Roundup and Achievement program is one of the many attractions for both farmers and city dwellers. Of special interest to the city dweller is the personal appearance of the popular WLS radio station artists, including the Flannery Sisters, the Hoosier Sodbusters and the Arkansas Woodchopper. A band concert is to be presented by the Zion Community band.

A display of fall styles for misses and ladies is to be shown by Marie Anne's of Antioch in addition to the huge style show that will be given by members of the Girls' 4-H clubs in competition for championship ribbons.

The Antioch News will be fifty years old next week. The paper made its first appearance in Aug. of 1886.

Its age in the county is surpassed only by the old Waukegan Sun which was founded as a weekly at the county seat in 1845 but became a daily in 1897, according to the American Newspaper Annual com-

plied by N. W. Ayer & Son in 1900. The Waukegan Gazette was the county's first daily, being founded in 1892.

Lytle Greenwald of Salem, Wisconsin, and James Herman of Antioch tied in the International Harvester Company's machine contest held here Monday. Both lads attached and detached a Farmall cultivator in 3 minutes and 20 seconds. Howard Bonner of Lake Villa was second with 3 minutes and 55 seconds, and Orville Vinfield did the job in 4 minutes flat to cop third honors.

With Antioch Firemen as chief entertainers, Mr. and Mrs. L. R. Van Patten celebrated their 25th wedding anniversary at the village hall Monday evening, Aug. 3rd. Mr. Van Patten, a charter member of the Antioch Fire Department and former president of the Association, and his bride were taken for a ride on the new fire truck and the fire bell chimed 25 times in honor of the occasion.

A record crowd attended the dinner held at the Methodist church last Wednesday evening by the Ladies' Aid Society. Mrs. W. R. Williams, chairman of the committee, was assisted by Mrs. Mary Runyard, Mrs. George Kuhaupf, and Mrs. Sine Laursen.

Mr. and Mrs. Charles Paddock are the parents of a baby daughter born Sunday, August 2, at St. Therese hospital, Waukegan.

## Girls Offered Opportunity to Work Abroad By the United States Department of State

Africa, South America, Europe, Asia... an invitation to work in a foreign land is now being issued by Miss Esther Rice and Mrs. Donna Livesay, Personnel Officers of the United States Department of State, to residents of the Chicago area with a desire to travel and work abroad.

The work, at one of 270 Embassies, Consulates and Legations in 78 countries, offers travel, the prestige of representing your country and the satisfaction which springs from knowing and working with people of foreign lands.

Travel need no longer be only a dream if you are a high school graduate between the ages of 21 and 35, single with no dependents, in excellent health and you have been an American citizen for at least five years. You must be willing to go anywhere in the world.

Applicants for Foreign Service will be interviewed at the Illinois State Employment Service, 73 West Washington Street, Chicago, until August 10. Office hours will be from 8:30 a. m. to 4:30 p. m. Monday through Friday and on Saturdays from 9:00 a. m. to noon.

Positions open to qualified secretaries require a typing speed of 50 words a minute and shorthand at 100 words a minute. The starting salary is \$3800 a year, plus allowances.

A starting salary of \$3390 is offered to stenographers with a typing speed of 50 words a minute and a shorthand speed of 80; communications code clerks with a typing speed of 45 words a minute (qualified typists will be trained for the communications code clerk positions); and the mail and records clerk position with a typing speed of 35 words a minute. Mail and pouch clerk and general clerk positions open to men only require a typing speed of 35 words a minute. All applicants must have three years of general office experience.

Salaries are supplemented by either free housing or a housing allowance, at some posts a cost-of-living allowance, and, for duty in hardship areas, a post differential ranging from 10 to 25 per cent of the base salary. For instance, a stenographer in Saigon, Viet Nam, receives \$6,700 a year; in Caracas, Venezuela, \$6870 a year; and, in Madrid, Spain, \$4290 a year.

Liberal vacations provide time for sightseeing, shopping and other recreation determined by your tastes of the land. Many an interesting hour is spent by Foreign Service employees as they compare notes on safaris, skiing on the Zugspitz, wild boar hunting in Australia, golfing on sand courses or the fun of finding activities "just like back home" in foreign lands. Upon completion of a two-year tour of duty, employees are returned to their homes in the States for six weeks of home leave before reporting to their next overseas assignment.

Special appointments and additional information can be obtained by telephoning Miss Rice or Mrs. Livesay at Financial 6-3960.

## N.I.U. Professor Gets Grant to Study Mites

DeKalb, Ill. — Dr. Charles J. Rohde, associate professor of biological sciences at Northern Illinois University, has been awarded a grant of \$9,896 by the National Institute of Allergy and Infectious Diseases to carry on a two-year study of mites.

Dr. Rohde will study the mites, tiny arthropods that live in the soil, in his laboratory on the Northern campus. His research program will be concerned with the embryonic, post-embryonic, and adult growth of two species of mites. He will also study the histogenesis and cyclical activity of the male and female primary sex organs as related to their reproductive activity.

The Northern biologist spent the academic year of 1955-56 at the Oak Ridge Laboratory, where he studied the effects of radioactivity on mites. From his research findings, he submitted a proposal to the Division of Research Grants of the National Institute of Health for examination. The National Institute of Allergy and Infectious Diseases then decided to support his study for two years.

The use of aircraft in direct support of ground units by the Marine Corps was employed for the first time in combat July 6, 1927, when a flight of six bombing planes strafed and bombed a force of 500 bandits who unsuccessfully attacked a small Marine garrison at Ocoatl, Nicaragua.

## Motorists Advised Against Leaving Valuables in Car, Even During Short Absence

Only a thin sheet of breakable glass guards valuables left in a locked automobile, the Chicago Motor Club warned today.

A person who would never leave home without locking his doors and windows may be more lax when it comes to safeguarding his automobile and its contents.

A quick dash into a store for a pack of cigarettes provides a watching thief with ample time to loot the unlocked car of its valuables. Unlike houses, car windows are not curtained, and valuables left on seats present a natural showcase for would-be thieves.

Keeping the car locked is one way to prevent looting, but an even better way is never to leave any valuables in the car.

If valuables must be carried in the car, motorists are advised to keep a list of serial numbers, or put a personal identification mark on them. Also, they should keep them out of sight, locked in the glove compartment or trunk.

Naturally, most looting takes place after dark. Motorists on long trips may lose a few minutes by removing valuables from their cars at night, but the resulting feeling of security is well worth the effort.

Carelessness can end a long-planned vacation with heartache. Another precaution for motorists is a short-term baggage insurance policy. Reimbursement could cut the sting of a baggage loss.

The Club pointed out that more out-of-town and out-of-state cars are looted than are local cars, and thefts occur more frequently over the weekends than on other days.

The sooner a stolen item is reported, the better one's chance of recovering it, the Club concluded.

## Letters to The Editor

Dear Sir—I wonder if you kind people give it a thought how much dogs are destroying our yards and flowers, to say nothing of the dirty messes they leave by our back doors for our little children to get into.

I know you have a license for your dog. We also have one for our cars, but would not be allowed to destroy others' property with them. Please, please! think it over, kind friends, and have a heart.

A discouraged mother.

## Pony League Are Champs; Defeat Gurnee 8 to 4

The Antioch Pony League Team sponsored by the Moose Lodge of Antioch captured the championship in this district Tuesday evening by defeating Gurnee eight to four. Antioch has won thirteen games and lost three this season.

Three players from the Antioch team, Elmer (Chip) Eberman, Jack Thompson, and Sigurd Nielsen, have been selected to play on the All-Star team which represents this district. The All-Star game will be played Saturday, August third at one p. m. at the local Little League and Pony League field. The opponents will be an All-Star-Team from Rockford, Illinois.

## Starts Construction of New Type Dairy Queen Building on Main Street

C. L. Bennett, Lake Villa, who recently purchased the residence property between the Polze Brothers Service station and the Amiel Feyerabend used car lot, on Main street, has razed the house and started construction of a Dairy Queen building.

He said that the building is the second of a new type of Dairy Queen stand, the first having recently been opened at Des Plaines. The customer must go inside to make his purchase and then may go to his car to consume it. No tables or counter will be on the inside.

The land around the building will be blacktopped for the parking area.

Bennett is constructing the building himself and will operate the business himself. He will take his time at erecting the building since he does not plan to open until March 1.

**Registration at Central High.** Central High School, Salem, Wis., announced today that its program for the registration of freshmen for the 1957-58 school year will begin on August 15 and close on August 30, Monday through Friday. All boys and girls who have completed eighth grade and wish to attend Central High School this fall, and all others who have not previously attended Central, must present themselves for enrollment and class schedules at their convenience during the hours of nine and three o'clock between the dates indicated.

For the convenience of those who cannot come during the day time, two evening registration periods have been established, Tuesday, Aug. 20, and Thursday, Aug. 29, from seven to nine o'clock. All new freshmen must be accompanied by at least one parent or guardian to assist in the selection of subjects and bus pickup.

**SOMERVILLE FETED ON RETIREMENT FROM HOSPITAL.** A reception and tea were held Sunday in the reception rooms of the Chicago State hospital in honor of Mr. and Mrs. Earle Somerville who are retiring from state service after 23 years.

Mr. and Mrs. Somerville reside on Calvin drive, East Loon Lake where they recently purchased a home.

Refreshments were served to between 350 and 400 employees of the hospital. Gold service pins were presented to Mr. and Mrs. Somerville by Supt. Kalman Gyrfas, M. D.

Mr. Somerville has been employed in the Property Control office, a unit of the State Auditor's office, of the Chicago State hospital. Mrs. Somerville has been employed as secretary in the Clinical Diagnostic Service.

They received several nice gifts from fellow employees and friends with whom they have been associated for many years. Among them were John T. Taylor non-medical assistant superintendent, and Clarence A. Malin, business manager.

Mrs. Mollie Somerville, mother of Mr. Somerville, was present at the reception.

**New Service Station Owner** Joe Lo Russo of Depot st. has purchased the Polze Brothers Texaco service station at 970 Main st. and took charge today. He will be assisted in the business by his son-in-law, Donald Kennedy. Besides the service of oil and gas they will specialize in wheel balancing and transmission work, besides doing other repair work. Lo Russo engaged in the service station business in Chicago before coming to Antioch more than a year ago.

## Mayor Draws Lucky Name for A. and P. Food Store Award

Mayor Murrill Cunningham of Antioch is shown drawing a name from the wheel which resulted in the awarding of a motor boat, carrier, and Johnson motor to Mr. and Mrs. G. Thompson, R.F.D. 2, Box 26, Lake Villa, by the Atlantic and Pacific Foods store. Helping steady the container for Cunningham is A. F. Kaiser, manager of the store. The prize called for nothing more than the deposit of the name on a slip of paper and no purchase was necessary.

## Motorist Reminded To Send Correct Fee

Springfield, Ill. — Secretary of State Charles F. Carpenter today urged motorists to be sure they forward the correct fees to his office when submitting applications, reminding them that the recent session of the General Assembly enacted five changes in the fee schedule.

Three of the changes were the fees for certificates of title, duplicate title and corrected title, all of which were increased from 50 cents to \$1, Mr. Carpenter said.

The driver license fee was increased from \$1 to \$3, with the additional \$2 being assigned to a special fund to extend financial aid to high schools for driver training courses, he said. A junking certificate, for which there was no fee previously, now requires a \$1 fee.

Another change affecting applicants, but not involving fees, is that a photograph is no longer required on an application for a chauffeur license.

New application blanks showing the new fees are being prepared and distributed as rapidly as possible, Secretary Carpenter said.

## Revival Meetings Aug. 3-8 In American Legion Hall

The American Legion Hall in Antioch will be the scene of revival meetings led by Charles Rickman, Evangelist, of the Church of Christ. The meetings, to be held nightly starting Saturday, Aug. 3, and running through Thursday, Aug. 8, will deal with such questions as "Where are the dead?" "Is divorce right?" and "What about faith healing?"

The meetings will begin at 7:30 p. m. and a question and answer period will follow nightly. No collections will be made.

## Auxiliary News

### Girl Stater Reports

At a meeting of Antioch Unit, American Legion Auxiliary Friday, July 26, Judy Pyle, sponsored by the Unit to Girl's State, gave a most interesting report of her week at MacMurray College. She gave an account of the schedule of each day's work and activities. The high-light of the week was the trip to Springfield. At the close of the Girl's State session, thirteen chartered busses and several chartered cars took all the girls to Springfield where they visited the State Capitol building, Lincoln's home and Lincoln's Tomb. They had police escort all the way down and back, which gave the girls quite a thrill.
